3. Take the Next Step offertory chart

The Take the Next Step offertory chart represents all offertory contributions to the parish for the fiscal year, grouped by the number of parishioners that gave at each average weekly dollar amount. Publishing the chart to the parish community can inspire an increase in offertory giving as most parishioners are surprised to find that they don't give as much as they thought, relative to others. Additionally, seeing the chart reminds many parishioners that they have not increased their offertory giving level for several/many years as their income has risen.
